Preparing for Study Abroad

- To maximize the study abroad experience, students should prepare themselves by learning about their host country, its history, and culture. Students might want to begin with <http://www.britannica.com/> for a summary.
- Students should know what is happening in the news in the host city by reading the local newspaper at: <http://www.allyoucanread.com/barcelona-newspaper-spain/>.
- Engaging with and adapting to a different culture is an inherent component of study abroad. Students may find the following websites useful to learn about intercultural communication before they leave home:
<http://www.peacecorps.gov/wvs/educators/enrichment/culturematters/index.html>
- Customs and traditions in the host country are different from those at home. To learn a little about the local customs and traditions students may want to visit the following website: www.hthstudents.com
- Students and their parents should refer to the Office of International Programs website (www.bc.edu/international) and specifically to the *Study Abroad Handbook* for more information regarding the abroad experience.
- Prior to departure, students will meet with their International Study Advisor at an orientation to help them further prepare for their study-abroad experience.

Housing

- Students reside in international campus dorms or in shared apartments. In choosing housing, students should email Teresa Nandín for ESADE dorms or shared apartments in downtown Barcelona. Wellness, Health and Safety

- HTH Worldwide Insurance Services is an emergency health and emergency services provider. All registered BC students are covered by OIP's blanket policy while living and traveling outside of the United States. For more information, visit the following website: <http://www.bc.edu/offices/international/travel-health-safety.html>. You are encouraged to consult HTH on-line services for health and safety information about all world destinations, travel illnesses, and as a resource for international medical providers.
- Make sure that you have had any required or recommended vaccinations for your travel destinations by consulting the Centers for Disease Control website at www.cdc.gov.
- Students are advised to visit the U.S. State Department website: <http://www.state.gov/> for important travel information including travel advisories.

- Adjusting to a new culture and environment can be stressful. Students will have a smoother transition by making sure that they prepare to remain healthy. Following are some websites that provide important information and advice about how to have a healthy and safe experience abroad:
http://kidshealth.org/teen/your_mind/emotions/culture_shock.html
<http://www.kwintessential.co.uk/cultural-services/articles/cultureshock-stages.html>
<http://www.bravenewtraveler.com/2007/11/20/the-4-stages-of-culture-shock-and-how-to-beat-them/>
- Be aware that the manner in which medical help is obtained, the way patients are treated, the conditions of medical facilities, and how health care is afforded may be quite different from U.S. practices. U.S. health care values, assumptions, and methods are not universally practiced; even notions regarding the onset of an illness or the timing of expert attention may be considered culturally based.
- Refer to your Study Abroad Handbook for further information about health and safety issues including women, LGBT, disabled people and others.
- In the event of a large-scale emergency, such as a natural disaster, you should first text your onsite coordinator; follow the emergency procedures discussed in the onsite orientation; and call or text your parents to let them know where you are and that you are safe.
- The emergency number in Spain is 112.
- Students are required to visit the OIP website for additional information about Health and Safety:
<http://www.bc.edu/offices/international/travel-health-safety.html>
 BC emergency contact information:
 OIP (617) 552-3827 (Monday to Friday 9 a.m. – 5 p.m.)
 BCPD (617) 552-4444 (outside of normal business hours)
- Alcohol and Drugs
 In many cultures, alcohol consumption is an acceptable part of the culture and people are taught to drink in moderation. Many countries have a lower drinking age than the U.S. while other countries have drinking and drug abuse laws that may be more severe. Students are subject to the laws of their host country. If students choose to drink alcohol abroad, they should always drink responsibly and be knowledgeable about their host country's laws by visiting:
http://travel.state.gov/travel/tips/tips_1232.html#drug_offenses

Finances

- The OIP website provides information about estimated expenses for study abroad:
<http://www.bc.edu/content/bc/offices/international/financesawards.html>
- Banking information: Students are encouraged to use ATM machines. Bank accounts can be opened for full-year students at Barclay's Bank or Banco Santander. Please contact on-site coordinator.
- Scholarships and Financial Aid information can be found at:
http://www.bc.edu/offices/international/Scholarship_Opportunities.html

Returning to BC

- Students should complete a Program Evaluation. Upon completion of their program, OIP will e-mail the link to the evaluation

- Students may mentor an exchange student from the host university by contacting oiexchange@bc.edu
- It is not uncommon when students return from studying abroad to experience “reverse” culture shock.
