Why BC Law?: I went to a huge school for undergrad and, while I enjoyed it, I found it lacking in important ways because of the size of the student body. I knew I wanted to go to a law school where students are the priority and there was a real, close-knit community I could take part in. Every account I had heard of BC Law during my search told me it was exactly what I was looking for: the student body is incredibly welcoming, the faculty cares about students, and there is no shortage of resources available to help students find their path. Over a year later, every account I heard continues to be 100% true and I am so happy I chose BC Law!

Michael Charbonneau (2L Ambassador)

Email: charbomi@bc.edu

Why BC Law?: The community. Prior to coming to law school, I, like many of us, did my best to research a variety of law schools that I wanted to apply to. Most schools advertise their community but BC Law goes above and beyond to ensure that all members of the community feel respected and welcome on a daily basis. I have experienced this first hand on a daily basis: in the classroom, at social events organized by the school or by myself and my peers, at our softball games over the weekend, and while interacting with professors.

BC goes above and beyond in helping students be their best, such as through the "OL" summer prep course designed to help students prepare for their first day, resume workshops, career panels, networking events, great career advisers, and extracurricular opportunities. My professors have also been very accessible, encouraging students to come to their office hours and taking time to get to know each of us.

Summer Employment: BJ's Wholesale Club, Inc. (1L)

Activities at BC Law: First Generation Professionals, Negotiations Competition, Client Counseling Competition, Sports and Entertainment Law Society, Business Law Society, Health Law Society

Favorite Class: Criminal Law with Professor Cassidy

Why BC Law?: I love Boston and was ecstatic to stay in the city, but the biggest reason was the level of community the BC had to offer. I toured other schools, and talked to students at other schools, and the environment at those places was overtly opposed to the type of tight knit community I was looking for. Compare that to BC, where every alumni, current student, tour guide, faculty member, or anyone else I talked to, explicitly mentioned the amazing community feel at the school. I'm sure it's an answer a lot of people give to this question, making it somewhat cliché, but I also think that emphasizes just how strong the community at BC is.

Lahela Delaney (2L Ambassador)

Email: delanelf@bc.edu

Undergrad: Mount Holyoke College

Experiences Between College and Law School: I spent one year as an AmeriCorps member with a Boston-based nonprofit organization called City Year. I was placed at a K-8 school in Jamaica Plain, with the most amazing group of fourth graders!

Activities at BC Law: Asian Pacific American Law Students Association (APALSA), First Generation Professionals (FGP)

Favorite Class: Property with Professor Lyons

Why BC Law?: I was very lucky to have an undergraduate institution that fostered a collaborative, close-knit community. That level of support helped me grow so much, and I knew I was looking for a similar environment in law school. I also knew I wanted to stay in Boston after my year with AmeriCorps, which showed me how amazing and diverse the city really is. Every student I spoke to before making my decision has loved their experience at BC. Now that I'm a student myself, I'm happy to report that everything they said was true!

My undergraduate experience at BC offered me a lot in regards to a holistic education, and so I sought the same thing for law school and have not been disappointed. When reflecting on my first year, I credit those attributes for helping me acclimate quickly to the law school way of life and find success in the classroom. The support from my peers and professors in identifying and reaching my goals makes BC Law such a great fit for me.

I also grew up in a very international family with ties to Hong Kong and the U.K. I wanted to be somewhere where I could work on matters with an international reach. When looking at the employment statistics for BC Law graduates, I saw that BC sends a substantial amount of students to firms with 500+ lawyers.
