

INTERNATIONAL EDUCATION WEEKS!

November 2024

Message from the Director

Hello again! As we shift into November, OGE is busy on multiple fronts. We are in the midst of preparing the spring 2025 abroad students with pre-departure meetings for each region. At the same time, we are advising students on their abroad choices for next year. By the time you read this message, our office will have seen well over 800 students in our [Study Abroad 101s](#). This does not take into account the hundreds of students who have or are seeking individual appointments with [Program Managers](#).

There is still plenty of time to complete meetings and research abroad programs. However, please do not wait until the last minute. As a reminder, attending a 101 is a requirement to apply to study abroad. If you have attended a 101 already, please submit your study abroad application by January 5 as we will not accept

late applications. November is a great time to research your choices so you can talk about study abroad during the Thanksgiving break with your family.

November also marks International Education Weeks (#BCisGlobal). Officially, IEW is only one week, however Boston College will be running events for the entire month of November or [International Education Weeks](#) at BC. Please be sure to review the calendar and plan to participate! You will see several events hosted by the Office of Global Education, including Themed Study Abroad 101 Meetings highlighted as you read along. We look forward to seeing you!

Regards,
Larry Pickener
Director, Office of Global Education

At Boston College, International Education "Weeks" will be celebrated throughout November and will include events across the Boston College community. Check out some of the many events happening this month below. Be sure to add the #BCisGlobal to any of your posts for a chance to be featured on our webpage bc.edu/iew.

Summer 2025 Applications are Now Open!

Did you know that you can study abroad as early as the summer after your freshman year?

The OGE offers a variety of four-week BC faculty-led programs and eight-week internships abroad each summer. Program applications are reviewed on a rolling basis. Apply as soon as possible to secure your spot. There has been a lot of interest in studying or interning abroad for summer 2025. Advising is required for internships only but OGE or the summer faculty are happy to meet with you to answer any questions you may have.

Check out some new and returning BC faculty-led programs for summer 2025!
