COMMENTS:

J.D. / M.A. / Higher Education / Student Affairs Concentration**Instructions for Completing the Dual Degree Program of Study**

- Dual degree students must complete **21 credits of LSEHD coursework** for the master's degree.
- The courses listed on this form that will count toward the dual degree must reflect content coverage which allows the student to participate in experiences which reflect the issues of education law. Student should select courses that allow an opportunity to promote their interdisciplinary inquiry; all cross-listed law and education courses should be taken under the ELHE number rather than the LAWS number so that students can achieve the required 21 credits of LSEHD coursework for the master's degree.
- Students should plan to take both electives (6 credits) in the Law School. The additional 3 credits from the Law School should be an appropriate substitution for one of the LSEHD requirements.
