PROFESSIONAL AND CONTINUING EDUCATION

## Continuing Education Information

---

A maximum of 7.5 Continuing Education credits (CEs) may be available for psychologists, social workers, and Licensed Mental Health Counselors (LMHC). These CE-eligible sessions are flagged on the schedule. It is the participant's responsibility to make sure that the program in which they are participating is CE eligible, which is clearly marked on the conference program.

It is the responsibility of each conference participant to comply with the instructions and be present for the totality of the session to be eligible to receive CEs. Additionally, for each CE-eligible offering, the participant must complete the evaluation provided at the end of the program within a week of the offering. Each participant will receive a CE certificate via email within 6-8 weeks of the conference.
